The buildings presently on the site represent several different periods of construction as the fort was upgraded and modified to meet the area's defensive needs. The site was manned during five wars: The Revolutionary War, War of 1812, Civil War, Spanish-American War, and World War I. Like most other Maine forts, it saw little conflict. The fort provides great photo opportunities of Portsmouth Harbor Light and the old Portsmouth Naval Prison. A gate fee is charged. Park Season: (207) 439-2845. Off Season: (207) 490-4079.

Cape Neddick Light / Nubble Light 1879

Officially the Cape Neddick Light Station, it was built in 1879 for \$15,000 on a nub of land---thus the Nubble. It was first lighted on July 1, 1879. The current beacon is a 1000 watt bulb behind red plaxiglass. It flashes 3 seconds on and three seconds off. It is visible for 13 miles. The automated foghorn is activated by the atmosphere and blasts every 10 seconds.

The tower is 41 feet high and 88 feet above sea level. It is built of brick that has been covered by metal sheathing. Thirty-three circular iron steps go up to the lantern room. The first innkeeper was Nathaniel Otterson, and the last was Russell Ahlgren. The light was automated in 1987.

Living quarters consisted of 3 bedrooms, kitchen, dining, living, and pantry. The smaller red house was once used for fuel and the little white house was a workshop. The light is maintained by the Coast Guard, but the Town of York owns the property and buildings. It is maintained by the York Parks and Recreation Committee. FMI: (207) 363-1040. There is no public access allowed on the island.

Photo by Dennis Kee

The Sohier Park, which is located on the mainland, has ample parking for visitors as well as benches and rest room facilities. Animals must be leashed. Sohier Park is located off Nubble Road in York Beach. A gift shop full of lighthouse memorabilia is manned by volunteers from May through October. Proceeds from the sale of goods there go toward the maintenance of the park and lighthouse. FMI: gift shop (207) 363-3569.

This lighthouse is one of the most photographed and painted in the world. Thousands of people visit annually, and twice a year the lighthouse is outlined in Christmas lights and lit at night. The summer lighting is held during Christmas in July which is part of the York Days celebration held during the last week of July and the first week of August. The winter lighting of the Nubble is the Saturday after Thanksgiving. The lights stay on until January 1st, weather permitting.

For updated information about Nubble Lighthouse, please visit nubblelight.org.

Boon Island Light 1811/1855

133' gray granite conical tower, located offshore nine miles east of York Beach.

After a particularly grizzly episode of cannibalism on this desolate rock pile, locals left food and clothing here for use of any shipwreck victim; hence the somewhat ironic name, "Boon." This tiny island, about nine miles off the coast of York, has been continually submerged by storms and the light has been rebuilt several times. Today its brick cylinder rises 137 feet, making it Maine's tallest lighthouse. It is not open to the public but can be

seen from Sohier Park, off Nubble Road, in York Beach and as part of local lighthouse cruises. Boon Island Lighthouse was built in 1811.

Whaleback Light 1831/1872

75' gray granite conical tower on a reef.

This light guards the entrance to Portsmouth Harbor, and looks as its name suggests: like a lighthouse perched atop the back of a whale, or some other sea creature. It is closed to the public but can be seen from Fort Foster in Kittery and from the water. Whaleback Light was built in 1831.

Eliot Boat Basin

Eliot’s charm extends beyond its scenic riverside byways. The area once known as Kittery’s Upper Parish became the Town of Eliot in 1810. Farming, brickmaking, and ship building employed many residents in the 1800’s. The world’s fastest clipper ship, the Nightengale, was built at Hanscom Shipyard in Eliot in the 1850’s. The Town’s rich history is seen at attractions like the #8 Schoolhouse Museum, William Fogg Library, Green Acre Baha’i Learning Center, and the Eliot Boat Basin.

Homes of famous residents dot the Town (John Hill, Maine governor and Moses Gerrish Farmer, electrical inventor.) Visitors enjoy scenic views of Dover Point, NH from River Road near Sandy Hill Farm, site of the Shapleigh family settlement, and walking trails like Douglass Woods in Eliot’s center.

Today Eliot is a thriving residential community of over 7,000. Harold Dow Highway (State Route 236), the gateway to York County’s Lake Region, runs through Town.

Kittery has the distinction of being the oldest town in the State of Maine, incorporated in 1647 – more than a century and a quarter before the birth of the United States. It guards the mouth of the Piscataqua River and is the halfway mark on Interstate 95 between Boston MA and Portland ME. As you take a scenic drive along US Route 103 to Kittery Point, you will pass the gates of of the 200 year old Portsmouth Naval Shipyard; the historic Lady Pepperrell House; Fort McClary, built in 1690, now a state park; and Fort Foster located at the end of Pocahontas Road, which was once a fortress manned during World War II, is now a public recreation and beach facility. Along with the beautiful homes and gardens, there are remnants of the fishing, shipbuilding, and other marine-related industries that were once the center of Kittery’s economy.

Today downtown Kittery, sometimes known as Kittery Foreside, has become a gathering place for artists, specialty shops, and fine dining. The Kittery Outlets, located along the Route One corridor, provide a variety of shopping experiences.

Home of the oldest power mill in America, this community has had a diverse economy that included textile and shoe manufacturing, farming, timber and fishing. During its heyday, a boat called a gundalow was built to haul goods from the smaller inland rivers to the faster-moving Piscataqua River. Historic homes including the Sarah Orne Jewett House and the Old Hamilton House are open to visitors in the summer as is the Counting House, home of the Old Berwick Historical Society. Vaughan Woods State Park and the Salmon Falls River are popular recreation areas for hiking, biking and picnicking. The quaint downtown has a variety of year-round fine dining and delightful shops. Outdoor concerts on the town hall lawn are a common summer occurrence. South Berwick and Eliot share a public school district. US Route 236 is the main artery connecting Kittery, Eliot and South Berwick.

Powderhouse Hill is a community ski area owned by the Town of South Berwick, Maine and operated by the all-volunteer Powderhouse Ski Club. It consists of one rope tow, and three trails: 2 intermediate and 1 beginner. Powderhouse Hill has no snowmaking thus its operation relies completely on natural snow.

Composed of what were once four smaller communities, the towns of York Village, York Harbor, York Beach and Cape Neddick formed under one government to create this beautiful and diverse town. It is famous for its long sandy beaches, and safe, family-friendly beach-town atmosphere. As each year passes, the area becomes more of a destination for weddings, family reunions, or just a place to get away. Nubble Lighthouse is one of the most photographed lighthouses in the world and is a popular spot for residents and visitors alike. It has a small park with benches that make it a peaceful place to rest and reflect. Mt. Agamenticus is a popular recreation area for hiking, biking and picnicking. The Museums of Old York maintain numerous historic buildings including Jefferds’ Tavern, the John Hancock Wharf, the Old Goal (America’s oldest jail), the Emerson Wilcox house. This museum is located in the heart of York Village and offers lectures and special events throughout the year. It is open for tours in the summertime. Lobstering, fishing, boat building and farming were the foundations of the economy until the late 1800s when the southern Maine coast began to attract summer visitors in large numbers. A family favorite is a visit to our zoo & amusement park. The proximity of the Yorks to the cultural centers of Boston and New York City continue to make it one of the most sought-after places to live in southern Maine. Once a summer-season-only resort area, York has become a year-round vacation destination.

Trips To Discover has featured York, ME as One of the Most Magical Winter Wonderland Towns in the U.S.

York definitely gets into the Maine snow globe spirit. In the winter, outdoor enthusiasts can enjoy snowshoeing, Nordic skiing, and snowboarding with dazzling views across a snowy backdrop, but the highlight here may be the Nubble Light, which, surrounded by a white blanket, looks like a painting. When it’s illuminated after dark, it’s stunning too. If you bundle up, you can enjoy tranquil walks without the crowds on the beaches and free ice skating at Mackey Skate Park; you’ll just need to bring a pair of skates.
